

An aerial photograph of a winding asphalt road that curves through a dense, green forest on a steep, rocky hillside. The road is light-colored and contrasts with the dark green of the trees. The background shows more of the forested terrain under a clear sky.

# China-Africa Infrastructure Cooperation for a Prosperous Future

Li Zhigang

Chargé d' Affaires of Chinese Embassy in South Africa

31 st August, 2022

Global: 1.3 trillion  
euros/year

Africa: 68-108 billion  
dollars/Year

52

## The Belt & Road Initiative In Africa

**high quality &  
high efficiency**

**Garissa Solar Power  
Station in Kenya**

# environmentally friendly

Builders have designed animal channels  
建设者贴心地设计了动物通道和涵洞

Tall giraffes can pass without lowering their heads  
高个子的长颈鹿可以不低头通过 小个子的动物还能饮水

# real benefits to African people
